SUMMARY

Multidisciplinary designer specializing in UI/UX, digital product design, web design, and visual communication. Experienced in developing user-centered digital experiences from research and information architecture through interface design and prototyping. Proficient in Figma and Adobe Creative Cloud, with hands-on experience creating websites, digital products, user flows, and responsive interfaces. Brings a strategic, research-driven approach shaped by client consultation, problem-solving, communication, and project management.

WORK HISTORY

FREELANCE GRAPHIC DESIGNER — 2024 – Current

* Research user, market, and competitor needs to inform design strategy
* Develop websites, products, interfaces, and prototypes from concept to execution
* Create information architecture, user flows, wireframes, and responsive interface
* Translate complex ideas and requirements into clear, intuitive user experiences
* Develop visual systems, content structures, and brand elements for cohesive products
* Present designs, incorporate feedback, and refine solutions based on client goals

ATTORNEY — 2013 – Current

* Conduct research and analysis to identify needs and develop strategic solutions
* Manage 50+ active matters while meeting strict deadlines and competing priorities
* Build client relationships through consultation, communication, and problem-solving
* Translate complex information into clear, accessible communication
* Manage projects from initial discovery through final delivery
